Salisbury Transit

Salisbury Transit (ST) is your city bus system. The system has three routes. Each of these routes arrives and departs "the Transfer Site," which is located on Depot Street. Any bus you board can take you to the Transfer Site on the inbound part of the route. Any member of the general public may ride the ST bus. ST does not operate on Sundays or holidays.

Individuals who are unable to use our fixed route bus service because of a functional disability or functional limitation may qualify for ADA Paratransit. Contact our office for more information.

Route Names

Routes are named for the end point of major destinations on the route. For example, the East Spencer/VA Medical Center route (Route 3, Blue Route) goes from the Transfer Site to the VA Medical Center and back. The destination signs on the front of the bus are changed to show the next major destination of the bus.

On Board the Bus

The comfortable ST busses are air-conditioned and heated. Please observe our rules which prohibit smoking, eating or drinking on the bus. To get off, please ring the bell half a block before your bus stop. The bus will stop only at officially designated bus stops.

All buses are equipped with a ramp to accommodate mobility devices.
